

## Capco Sales Cards List of Unknown Codes with correlating years

11/14/12

Capco did not have a tracking system for sales from 10/78 – 11/80. There are codes referenced below for that time frame but we do not know if they were A/C or PVC sales and the sales were calculated as unknown sales. Codes that fall outside the 10/78 – 11/80 time frame are bolded.

1971 sales referenced below were post March 1971. Sales prior to March 1971 that had unknown codes were calculated as Ragland A/C sales.
